AmeriPower

March 23, 2020

Public Utility Commission
Austin, Texas

Project 50664

At AmeriPower, the health and safety of our customers, suppliers and employees is important and our priority. To that end, we are continuously monitoring health and safety precautions identified by the CDC.

Our Employees have been instructed to follow CDC recommendations on reducing exposure and transmission of the virus. We now have all employees working from home, have eliminated all travel and face to face meetings.

Going forward it is our goal to continue to support our customers and provide a safe working environment to our employees and communities.
